PROFILE

Hi, my name is Sawyer and I am currently pursuing a computer science degree at UTSA. I was originally raised in Atlanta, GA but have lived around the world in places like Nigeria, Denmark, and India. In my free time I enjoy biking, coding, and playing basketball. I love solving problems and abstract ways of thinking. I am searching for a job opportunity where I can learn new concepts while working with real-world issues.

WORK EXPERIENCE

Diplomatic Technology Intern

2025

U.S. Department of State

- Worked as a DT Intern where I developed and deployed an AI-driven application using NLI to automate nationwide RSS news monitoring, filtering, and compiling for the U.S. presence in Nigeria.
- Learned secure system management, worked with sensitive government networks and systems, and resolved IT issues around the Embassy daily

Community Liaison Office Assistant

2023

U.S. Consulate General - Chennai

- Led initiative at the U.S. Consulate in Chennai, India to digitalize record-keeping processes
- Created a program to expedite the American commissary ordering process
- Entered mass contact data into organized Excel files
- Improved relations with local and internal connections
- Consulate event assistant; created physical and digital advertisements for events in the community
